

Overview

The E210 is the lowest profile high power cabinet in the élite line. This 2 x 10-inch / 1-inch loudspeaker is designed as the ultimate box for clubs or installs where sight lines might be an issue.

The E210 can be utilized vertically or horizontally. The rotatable 80° x 50° horn means high frequency dispersion can be tailored to suit the cabinet's placement.

The versatile cabinet design takes both front-of-house and monitoring applications into account. This cabinet easily performs extremely well in either application. The unique cabinet shape makes for tighter arrays and the ability to fly the cabinet much closer to walls and ceilings than most conventional boxes.

Flypoints are integrated on the top, bottom and sides of the E210. A metal standmount adaptor and recessed jackplate make the E210 a versatile club system cabinet, especially when paired with any of the élite subwoofers.

When used with the EP210 processor, the E210 can be easily used with any élite series subwoofer.

E210 - Black Ozite (Carpet) Finish

E210B - Black Ultrathane (Painted) Finish

Features

- 1200 Watt Full Range Loudspeaker (600 Watts Program)
- 2x10-inch Woofers / 1-inch Compression Driver
- Max SPL 133dB Peak (130dB Continuous)
- Designed for Front-of-House or Monitor applications
- 80° x 50° ABS Rotatable Custom Waveguide Horn
- Advanced PTC™ High Frequency Driver Protection
- 2 x Speakon™ and 2 x 1/4-inch Parallel Inputs
- Integrated All Metal Speaker Standmount Adaptor
- Solid 5/8-inch (15mm) Birch Plywood Construction
- Made in Canada

Specifications

System Type	Two-Way
Active or Passive	Passive
Program Power (Watts)	600 Watts (1200 Watts Peak / 300 Watts Continuous)
Biampable	No
Nominal Impedance (Ohms)	4
Sensitivity (dB @1Watt/1m)	102
Max SPL (dB)	133dB Peak (130dB Continuous)
Frequency Response (Hz +/- 3dB)	55 - 26k
Crossover Frequency (Hz)	1900
Driver Configuration	2 x 10-inch / 1-inch
