

EL15P

15" POWERED LOUDSPEAKER

Overview

Streamlined and straightforward, our new Elite range offers essential features and premium components to deliver high output and exceptional sound quality for professional users.

The EL15P is a full-range powered speaker with a 15" neodymium woofer that delivers 2500 watts of peak power (1250 watts program).

The rugged cabinet is constructed from high-quality birch and features a pole mount adapter and integrated flypoints. An optional bracket is available separately for multi-cabinet hangs.

The rear panel features an XLR / 1/4" input jack, XLR output, and a powerCON® TRUE1 compatible connector.

Features

- 2500 W Peak Power (1250 W Program)
- 15" Neodymium Woofer with 3" Voice Coil
- ABS Horn with Neodymium Magnet and 1.4" Exit
- Onboard Limiter
- powerCON® TRUE1 Compatible Input
- 15 mm Birch Plywood Construction
- Made in Canada
