

# EXM Pro10

10-INCH BATTERY POWERED LOUDSPEAKER

## Overview

Designed for endurance and high output, the EXM Pro10 represents a new milestone from Yorkville Sound; Our first lightweight battery-powered loudspeaker with a 48V battery.

It features an onboard 3-channel mixer with multiple built-in effects, so it can be used without an external console. Multiple built-in effects can be used simultaneously to tailor the sound from each input. With Bluetooth® connectivity, the EXM Pro10 facilitates wireless stereo playback between two cabinets.

The versatile cabinet can be used in three performance positions; Upright, tilt, or for use as a monitor wedge.

Portable and powerful, the EXM Pro10 continues our commitment to power extraordinary gigs in extraordinary places.

## Features

- 48V Battery with 12 Hour Battery Life
- 10" Woofer with 1" HF Driver
- Onboard Mixer with 3 Input Channels
- Multiple Built-In Effects
- Stereo Bluetooth® Audio Streaming
- Upright, Tilt, or Wedge Performance Positions
- USB Charging Port for External Devices
- Integrated Speaker Stand Mount
