

EXM Pro12

12-INCH BATTERY POWERED LOUDSPEAKER

Overview

The EXM Pro12 represents a new milestone from Yorkville Sound, the leader in battery-powered PA systems. It is our first loudspeaker with a 48V battery, designed for endurance and high output.

It offers 12 hours of battery life on a single charge, and delivers 1900 watts of peak power and 800 watts program into a 12" neodymium woofer and 6.5" / 1" coaxial high-frequency driver.

The EXM Pro12 features an onboard 3-channel mixer, so it can be used without an external console, a USB charging port for mobile devices, and Bluetooth® connectivity including wireless stereo playback between two cabinets.

The EXM Pro12 is Yorkville Sound's most powerful battery-powered speaker ever, and continues our commitment to power extraordinary gigs in extraordinary places.

Features

- 48V Battery with 12 Hour Battery Life
- 12" Neodymium Woofer
- 6.5" / 1" HF Coaxial Driver
- Onboard Mixer with 3 Input Channels
- Integrated Digital Reverb
- Stereo Bluetooth® Audio Streaming
- USB Charging Port for External Devices
- Integrated Speaker Stand Mount
- Made in Canada

Specifications
