

EXM Pro6

6-INCH BATTERY POWERED LOUDSPEAKER

Overview

The EXM Pro6 is the most compact battery-powered speaker in the EXM Pro family.

It delivers 250 watts of peak power (125 watts program) and up to 12 hours of battery life. At just over 10 pounds, it's a convenient take-anywhere solution for light-duty sound reinforcement.

It features a 3-channel mixer with integrated effects, so you can plug in multiple microphones, instruments, or line level sources without requiring an external console. It also has a USB charging port for mobile devices, and Bluetooth® connectivity including wireless stereo playback between two cabinets.

Whether for performance, playback, or public speaking, the EXM Pro6 brings great sound anywhere you need it.

Features

- Up to 12 Hours of Battery Life
- 6" Woofer with 1" HF Driver
- 3-Channel Mixer with Selectable Mic / Line / Instrument Inputs
- EQ, Reverb, Delay, and Compression on Every Channel
- Stereo Bluetooth® Audio Streaming
- 3 Voicing Modes (Live, Club and Monitor)
- 24V Phantom Power
- USB-A Port to Charge External Devices
