

EXM Pro8

8-INCH BATTERY POWERED LOUDSPEAKER

Overview

The EXM Pro8 builds on the compact convenience of the EXM Pro6 by adding more power and deeper bass response.

It delivers 400 watts of peak power (200 watts program) and up to 12 hours of battery life, and weighs just over 15 pounds.

It also features a 3-channel mixer with integrated effects, so you can plug in multiple microphones, instruments, or line level sources without requiring an external console. It also has a USB charging port for mobile devices, and Bluetooth® connectivity including wireless stereo playback between two cabinets.

Whether for performance, playback, or public speaking, the EXM Pro8 brings great sound anywhere you need it.

Features

- Up to 12 Hours of Battery Life
- 8" Neodymium Woofer
- 5" Neodymium Coaxial HF Driver with 1" Dome Tweeter
