

NX12P

12-INCH POWERED LOUDSPEAKER

Overview

NX loudspeakers have a history of traditional analog design and a reputation for road-tested reliability. Now, Yorkville is proud to introduce the new NX12P, a thoroughly modern update to this classic series. This next-generation model offers advanced DSP, powerful limiting, extended connectivity, and exceptional sound.

The NX12P works equally well as a front of house speaker, stage monitor, or side-fill cabinet. Featuring a 12" woofer and 4850 watts of peak power (1450 watts program).

In addition to the main XLR input and output, the NX12P has an onboard three-channel mixer, so it doesn't require an external console for small PA applications. Two mono channels each feature Combi-Jack inputs, phantom power, switchable mic or line input levels, and switchable high-pass filters. The third channel accepts stereo 1/8" line or Bluetooth® sources, including wireless stereo playback between two cabinets.

The master section features a high-pass filter for use with a subwoofer or as a vocal monitor, and three selectable modes optimize EQ and dynamics for live performance, background music, or stage monitor use.

Features

- 4850 W Peak Power (1450 W Program)
- 12" LF Driver and 1" HF Driver
- Main Input & Output XLR Connections
- Onboard 3-Channel Mixer (2x Mono, 1x Stereo) with Phantom Power
- Bluetooth® Wireless Streaming
- Switchable LF Rolloff for Use with Subwoofers
- Onboard DSP with 3 Voicing Modes
- Integrated Flying Hardware

Specifications

System Type	Powered Loudspeaker
Power Rating	4850W Peak (1450 W Program)
Max SPL	128 dB Peak
Frequency Response	50 Hz - 20 kHz
HF Driver(s)	1" Exit Compression Driver
LF Driver(s)	12"
In / Out Connections	Main In (XLR-F), Main Out (XLR-M)
Channel 1 Input	1 Combi-Jack (XLR / 1/4")
Channel 1 Controls	Level, Input Type, High-Pass Filter
Channel 2 Input	1 Combi-Jack (XLR / 1/4")
Channel 2 Controls	Level, Input Type, High-Pass Filter
Channel 3 Input	1/8" TRS, Bluetooth® Wireless
Channel 3 Controls	Level
Bar Handles	2 (1 Side, 1 Top)
Flypoints	3 (2 Top, 1 Pullback)
Flying Hardware	M8 Threading
Pole Mount Adapter	1 (Bottom)
Enclosure Materials	Polypropylene
Grille	Perforated Metal
Dimensions (DWH)	12.68" x 15.20" x 25.29" 32.2 cm x 38.6 cm x 64.2 cm
Weight	45.3 lbs / 20.6 kg
Box Dimensions	17" x 16" x 26" 43 cm x 41 cm x 66 cm
